## Fire.

ROCKLAND, Me., June 6.  
A fire last night destroyed two barns at the South end and damaged a dwelling connected with one of them. A cow was injured in one of the barns and a quantity of hay destroyed. Total loss about \$200.

## Reform Clubs in Session.

The quarterly convention of Temperance Reform Clubs, met at Farwell and Hall today. Permanent organization was effected by the choice of Elliott M. Parker, Rockland, Secretary. The session was devoted to reports from the clubs, which showed the progress made in making glorious homes. Twenty-five clubs were reported. The evening, a large and enthusiastic audience was held, continued by various speakers. The session will continue tomorrow.

## Body Found on the Kennebec.

BATH, Me., June 6.  
The body of an unknown man five feet tall, was picked up, about 35 years old, wearing a short, brown ribbed pants, and a white shirt with a dark necktie. It was apparently been in the water a week, as evidenced on his face, had the marks of a canoe arm and "H. H. S." on the back. The body was found on the Kennebec.

## The Centennial Exhibition.

PHILADELPHIA, Pa., June 6.  
The attendance today is good though less than yesterday.

The weather is delightful. The children are delighted. The women are in the majority. The exhibition is in full operation every day, Tuesday and Wednesday, from 10 o'clock to 5 o'clock. The Handel and Haydn Society has accepted the invitation to give a concert at the Centennial Exhibition. The Handel and Haydn Society will give a concert at the Centennial Exhibition. The Handel and Haydn Society will give a concert at the Centennial Exhibition.

## The Ellsworth American.

years our cemetery has been sadly neglected. Through the efforts of the Trustees and Mr. Webster, manager, great improvements have been made. The surface of the vacant lots have been cleared—many of the paths made smooth and passable—trees and shrubbery set out, and a hedge planted along the entire front. The gate-way, with massive hewn granite posts, is in process of construction and will be completed the present season.

In some respects, the character of the soil is not favorable to a high degree of cultivation and adornment, but this obstacle may with persistent efforts be overcome. The co-operation of all interested will, in a few years render this sacred spot a delightful resort for the thoughtful and the sorrowing—a quiet retreat for the living and a peaceful abode for the dead.

Divided in sentiment as our people are, on many matters, it would seem that in regard to the common lot of mortality, which sooner or later, each one must meet, there need be no difference or variance of feeling.

We trust that the good work so well begun, will be continued, and that all will be proud to do something, if but little, to aid in making Woodbine Cemetery worthy for the dead and the living.

Proceedings of the City Council.

1. Report of City Committee to examine City accounts accepted.

2. The Mayor was instructed to appoint a committee to make a final settlement with N. C. Reynolds.

3. E. H. Greely Esq. was appointed a delegate to represent the interest of the City at a meeting of the Maine State Convention, to be held at Portland on Wednesday June 7.

4. Pet. of A. F. Drakwater guardian of Geo. L. Holmes asking for an abatement of taxes of property belonging to said Holmes, was laid on the table.

5. An order was passed authorizing the Finance Committee to negotiate a loan of \$3000 on one year to pay out standing notes and City orders now due.

6. A committee was appointed to settle with Daniel Harrington for his claim which he makes against the City for the loss of his horse.

7. The report of the Street Com. for the month of April and May accepted.

8. The Mayor and Aldermen were authorized to contract with parties for building a road, laid out by the County Commissioners, from Union Street in Ellsworth to township No. 8.

9. An order was passed in board of Aldermen, instructing the Street Com. to lay out a Highway, beginning near the dwelling house of John Bellows on High Street and ending on Main Street, between the dwelling houses of Patrick Mulden and A. W. Greely, Com. Council Not Concurred.

Surry.

A Cal. paper, The West Coast Star in speaking of a festival at Mendocino says: "the representation of the young lady of the period" and the song by Miss Minnie Grindle was one of the best features of the evening. Some one showed his appreciation of her sweet singing by throwing a \$20 gold piece on the stage just before the curtain fell. She left for San Francisco, last Thursday.

Miss G. was formerly of Surry and well known in this County.

E. Surry—Eureka Farmer's Club.

May 24. The question "Will it pay to keep hens?" was thoroughly discussed, principally by the ladies of the Club, who were well prepared with figures, proving that it will pay to keep hens for the production of eggs, but not for the raising of chickens for market.

May 31. A very full attendance at the Club. Miss Carrie Bellamy read a well written paper on "Will it pay?" Mr. Watson gave an explanation of the aims of the "Society of Industrialists," followed by a lively discussion of farming in general, and the cultivation of wheat in particular, which was protracted to a late hour.

Sec.

Sullivan.

Among the inhabitants of small country towns it has often been a matter of mental study as to what is the best manner of relieving the monotony of the long and disagreeable winter evenings by social meetings. This problem has been partly solved by the inhabitants of Sullivan, and although the idea is not grand, and perhaps not entirely original, it has nevertheless been carried out in a manner worthy of the highest commendation. What they did was simply to organize a Reading Club.

It was gotten up under the auspices of ladies having literary tastes, who persuaded others to join for social purposes, and, as the young ladies are always centres of attraction in a village, of course young gentlemen lent their assistance by following the Magnet. Consequently, in a short time, all were joined in this social club, and all aided in the amusements which were there originated. The meetings were held each Saturday evening and it became before its ending an event of as much interest as the arrival of the mailboat, which is saying a great deal. At each meeting a committee of arrangements were appointed for the following one, and they would read or appoint some one to read, give out puzzles, recites and conundrums, with lines of poetry, to name the author, and other work for the brain. Naming the author of certain lines of poetry may seem an easy matter to some; but it needs a person of very extensive reading, acute critical powers and an enormous memory to be able to distinguish one author's works from another by only hearing them. These amusements were very successful; new subjects for discussion introduced and a thousand things done to make the club a perfected institution. Some of the ladies having a taste for theatricals, formed a dramatic club and gave several performances which were greatly appreciated in the town. Gentlemen were rather "backward in coming forward" to assist in this branch of the club, but some did give their assistance finally and rendered much good service in the plays. The meetings were held at the houses of the villagers, all being willing to give that much assistance in the common amusement. Last Saturday evening the last one took place and was largely attended; the event of the evening being the reading of the reports by the Secretary, Miss Nettie Simpson, and they were of great interest to both members and outsiders. The President, Miss Kate Dyer, occupied the chair and assisted in the final exercises. It has been proposed by some members of this club to organize and to carry on the same exercises through the summer months. It is possible that this idea will be carried into effect as the former club proved so successful.

Long Island.

Messrs. Morrison and Davis of Ellsworth, have purchased the timber lands and Homestead of the late Israel B. Lunt of outer Long Island, and are erecting upon the wharf a small steam-mill for the manufacture of staves.

Castine.

—Examination exercises of the Eastern State Normal School, Wednesday June 21. Address before Alumni Association.

Wednesday evening, by President Chamberlain of Bowdoin College. Graduation exercises Thursday forenoon June 22. Annual re-union Thursday afternoon.

When you visit or leave the City of NEW YORK, have your baggage and baggage checked and stop at the GRAND UNION HOTEL, opposite the CITY AND COUNTY BUILDING. It has over 300 elegantly furnished rooms and is fitted up at an expense of \$100,000. It is a modern and modern improvement, and is a most desirable place for the traveler and the business man.
